Warm and fuzzy felt is the latest trend in home accessories

BY KAREN EULL PHOTO BY GEOFFREY ROSS

it just felt right!

The felt that designers use today is made based on an ancient technique of matting fibres into a dense, durable fabric. Designers love that it's strong and flexible – perfect for creating a range of products. Best of all, felt is made from wool, which is a natural, renewable resource.

(Clockwise from top centre) **Botanical table runner**, Bev Hisey, \$220. **Nests**, FELT, set of two/\$25. **The Curve striped carpet**, Bev Hisey, from \$700. **Table lamp**, FELT, \$450. **White bowl with black dots**, En Gry & Sif, \$68. **Cream die-cut patterned cushion**, \$175, and **orange die-cut cushion**, \$160, both Bev Hisey. **Journal**, FELT, \$25. **Shopping guide**, page 162
